PROFILE

I'm an enthusiastic Web Developer who specializes in creating unique & appealing websites as well as web applications using the latest technologies. Currently, my focus is on building full-stack applications using Node.js and React.

SKILLS

- HTML
- CSS (SCSS)
- JavaScript
- React
- NodeJS
- MongoDB
- MySQL
- Python

PROJECTS

PAKJMS-SCHOOL-MANAGEMENT

Mar 2023 - Apr 2023

- A Single Page App which can be used to manage results of tests of different classes.

SCHOOL SITE

Feb 2023 - Mar 2023

- It is a SPA for a fictional school called Prayaas India. The website aims to provide information about the school's programs, facilities and events to prospective students and their families.

PORTFOLIO

May 2023

- This is my portfolio website, which features an attractive and user-friendly design, highlighting my accomplishments, qualifications, and areas of specialization.

SAKHA

Sep 2021 - Nov 2021

- A basic social media app that allows users to connect with friends and share content. Users can create and share posts, photos, and videos. They can also follow other users, like posts, and comment on posts.

EDUCATION

SECONDARY SCHOOL

J. C. Inter College, Dumri
2014 - 2016

BACHELOR OF TECHNOLOGY

B. I. T. SINDRI, Dhanbad
2017 - 2021
